COLORS: Offered in over 90 colors and coatings*

Features of Both VIVA12 and MAXIMA

- Lead free with <.009% lead content.**
- Same high quality glue for Hot Fix rhinestones.
- Compliant with the strictest environmental standards.

*All colors may not be available in all sizes.

**Citrine, Sun, Hyacinth, Coral, Lt Siam and Garnet are lead free but they contain cadmium.

Unique Features of MAXIMA

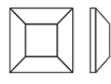

- MAXIMA has 3 cuts (12, 15, or 18 facets), depending on the size (see schematics); VIVA12 has 12 facets.
- MAXIMA has a smaller table (except for sizes SS4 and smaller).
- MAXIMA reflects 264 rays of light which is the most of any rhinestone on the market (sizes SS5-SS20).
- MAXIMA contains a silver reflective layer that makes the optical aesthetic properties even better.
- MAXIMA features Dura-Foiling™ which offers a higher resistance to corrosion, sweat, chlorine, salt water etc..
